Committee L – Tailings Dams and Waste Lagoons

ICOLD Tailings Dam Safety Bulletin Overview

May 28, 2022

**Andy Small, P.Eng.
Chair of Committee L**

Welcome

- Logistics
- Introductions of Bulletin Writing Team in Marseille:
 - Paul Ridlen, Knight Piezold, USSD
 - Jiri Herza, HATS Consulting, Czech Republic
 - Joaquim Pimenta De Avila, Consultant, Brazil

Tailings Dam Safety Bulletin

- Draft issued in February 2022 to National Committees for review
- Comments received and addressed
- Approval by ICOLD Marseille – allowing editing to continue
- Revised version issued on May 27 for final review
- Deadline for comments – Friday, July 15, 2022
- Finalize in September 2022

Tailings Dam Safety Bulletin

- Overview of Tailings Dam Bulletin
- November 2021 – Marseille Virtual Conference – presented an overview of the Bulletin
- Replaying that video at this workshop – 1 hr and 20 minutes
- Modified presentation on consequence classification
- Key review comments will be shared
- Questions after each section – but may need to limit
